

Downsizing in Glasgow?

Do you want a smaller property that suits your needs in an area you want?

There's new funding in place from Glasgow City Council to help tenants currently in 3-or-more bed properties looking to downsize. GCC are promoting this scheme as there is a real shortage of larger family housing in the city.

Downsizing can be a great option. You could save money on energy bills and there are a wide range of incentives to help you move, including:

- Assistance with current rent arrears
- Removal costs, decoration and floor coverings paid for your new home
- Practical assistance with the move
- A location nearer your family member or friends
- Broadband paid for a year
