Information for Tenants

West of
Scotland
Housing
Association

West of Scotland Housing Association (WSHA) acknowledges Domestic Abuse to be a crime.

Domestic abuse impacts on the quality of life of victims, their family and their friends as well as impacting on a person's home.

We believe that tenants and other householders should not live in fear of violence or abuse.

We take domestic abuse very seriously and are committed to providing a sensitive and confidential response to anyone approaching us for help in cases of domestic abuse.

We will take steps to assist and support any person suffering from or threatened with domestic violence or abuse. It applies to all tenants and those living with our tenants.

This can include the following types of abuse:

- Emotional
- Physical
- Sexual
- Financial
- Psychological

On receiving a report of domestic abuse directly from a tenant, **if it's safe to do so** a face to face meeting with the named tenant will be offered within 48 hours (same-sex meetings will be facilitated where requested).
